[Title] Production discontinuation of MELSEC-A series memories

[Date of Issue] Nov., '07

[Relevant Models] MELSEC-A series

Thank you for your continued support of Mitsubishi programmable controllers, MELSEC-A series.

Production of the following MELSEC-A series memories will be discontinued.

1. Models to be discontinued

Product	Model	Model using a memory
Memory	16KRAM	A11VC (has been discontinued at the end of July 2003.) (Note 1)
	16KHROM	AD57, AD57-S1, AD57-S2, AD58 (have been discontinued at the end of September 1999.) (Note 2)
	64KWROM	AD57G-S3 (has been discontinued at the end of December 1996.) (Note 3)
	128KWROM	AD51H-S3 (will be discontinued at the end of September 2008.) (Note 4)
	256KWROM	

(Note 1) Refer to TECHNICAL BULLETIN T99-0025.

(Note 2) Refer to TECHNICAL BULLETIN T10-0007.

(Note 3) Refer to TECHNICAL BULLETIN T99-0002.

(Note 4) Refer to TECHNICAL BULLETIN T99-0050.

2. Alternative models

Product	Model	Alternative model
Memory	16KRAM	None
	16KHROM	
	64KWROM	
	128KWROM	
	256KWROM	

3. Reasons for discontinuing production

- (1) We will have difficulty to maintain the production system.
- (2) The demand for the relevant products has been substantially reduced, and the models using the relevant products have been discontinued or to be discontinued.

4. Production discontinuation of 64KWROM

We regret to inform immediate discontinuation of 64KWROM (November 9, 2007) due to impossibility of maintaining the production system.

Substitute 128KWROM or 256KWROM for the 64KWROM.

Meanwhile, 128KWROM and 256KWROM also will be discontinued as mentioned in Section 5.

[Relevant Models] MELSEC-A series

5. Schedule

- Order acceptance and production transition July 15, 2008
- Order acceptance November 15, 2008
- Production discontinuation November 15, 2008

64KWROM will be discontinued at November 9, 2007 as mentioned in Section 4.

6. Repair acceptance

We do not deal with the repair since they are electronic components.
