[Title] Production discontinuation of a certain model

[Date of Issue] November 2014 (Ver. A: December 2014)

[Relevant Models] AD75C20SJ2

Thank you for your continued support of Mitsubishi programmable controllers, MELSEC series.

Production of a certain model of the MELSEC series programmable controller will be discontinued as described below.

1. Model to be discontinued

Product	Model	Alternative product
Cable for positioning (AD75P□/A1SD75P□ positioning module - MR-J2□A connection cable manufactured by Mitsubishi, 2m)	AD75C20SJ2	Not available

2. Schedule for discontinuation

Order acceptance: Until August 31, 2015

Production discontinuation: September 30, 2015

3. Reason for discontinuation

The demand for the relevant model is tremendously decreasing with the transition to new models.

Some parts of the programmable controllers are now obsolete, and we will have difficulty to maintain our production system.

4. Repair support

Repair support period: Until September 30, 2022 (for seven years after the discontinuation)
